WDZ 23 October 1958

MEMORANDUM FOR COLONEL OBER
CMO WINCHESTER

SUBJECT: Training-with-Industry Program for WS-117L System Officers

1. This memorandum pertains to the junior officers being trained in industry for system assignment rather than the more senior officers being trained for technical assignments. It also confirms my telephone conversation with the addressees on 23 October.

2. WDZ needs to have information on the officers selected retained in WDZW with at least the following elements: name, present location of the individual, proposed date and place of industrial assignment, and a copy of the officers' Forms 11.

3. The purpose of this information is to assist us in placement of those officers subsequent to their industrial assignment, to insure that the firms concerned understand the intended use of the officers, and to assist USAFIT in insuring that the most fruitful use is made of the time spent in the industrial assignment.

SIGNED

WILLIAM A. SHEPPARD
Colonel, USAF
Asst Deputy Commander
Military Space Systems
